

# **ULTRASOUND PATIENTS**

## **PLEASE READ BELOW:**

If you are here for an Ultrasound study with Penn State Health, please be advised that you will be asked these additional screening questions by the Sonographer prior to performing your scan:

- 1. Do you have a pending Covid test?***
- 2. In the past 10 days, have you personally tested positive for Covid-19?***
- 3. In the past 10 days, have you been exposed to another person that recently tested positive for Covid-19?***
- 4. Are you currently experiencing any Covid related symptoms: fever, cough, congestion, sore throat, etc?***

If the answer to any of the above is YES, we may need to reschedule your Ultrasound study. Please speak with the front desk staff for more information. Thank you for helping us keep our staff well during these challenging times.
